

Parade Laps – Important information

The Parade Laps are NOT a track day but helmets are mandatory for all drivers and passengers taking part.

You will need to be at your car 30 minutes before your session starts so that marshals can escort you to the holding area.

The first lap of each session will take place behind a safety car. You are not allowed to overtake during this lap.

You must not overtake the pace car.

If you taking part in 2 consecutive sessions you will return to the pit lane after the first session and not to your parking place in the Clubs Enclosure.

The pit lane will be open during each session. Stopping on the track is strictly forbidden. Nobody is allowed to join you or wait for you in the pit lane during these sessions but you can get out of your car to swap drivers.

All drivers must be in possession of a valid driving licence.

When a car is trying to overtake you, you must hold your line. It is the responsibility of the car overtaking you to move around you.

You must not race.

You must not cross the lines marking the boundary of the track.

You must obey the instructions of the marshals at all times:
Yellow flag or light – Danger/slow down – Overtaking forbidden
Green flag or light – End of problem – Session resumes
Red flag or light – Finish the lap and return slowly to the pit lane

We will send you a form supplied by the organisers that every driver must sign confirming they agree to the above before bookings for the Parade Laps can be accepted.

Additional information

A noise limit does not apply

The exact times the sessions will take place will not be known until the event timetable is confirmed.

You do not need any special documents, only your normal driving licence mentioned above.

There are no maximum or minimum speed limits. You are free to go at whatever speeds you are comfortable with. If you are concerned about the speed of other cars the track is wide enough to allow everyone to go at their own pace.

If you want to overtake another car please do not encourage them to go faster than they want. Please wait for a safe place to pass and give other cars plenty of room.

Please use your mirrors at all times.

There are no compulsory insurance requirements. This is not a track day and the Parade Laps are not organised by a UK track day operator. It will be up to each participant to arrange whatever insurance cover they feel appropriate.
